On-Line File Back Up

Computers are vulnerable to hard drive crashes, virus attacks, theft and natural disasters which can cause your valuable data to be lost in an instant. Protect your family photos, home videos, and other documents with On-Line File Back Up from NU-Telecom. It's easy to get started with our step-by-step tutorial to help you choose the backup methods that are best for you. And once your account is created, the program will systematically back up your data and store it in a safe, centralized location so you can have peace of mind knowing your photos and documents are safe if a disaster should occur.
